This Reforestation / Forest Education Program is sponsored by National Garden Clubs, in cooperation with the USDA Forest Service. Oregon donations will be specified for Oregon use. Clubs donating \$68 or more may designate a National Forest and/or a person to honor. Other amounts will be combined and sent by OSFGC for use in Oregon.

These donations are used by the USDA Forest Service or State Forester in conjunction with federal funds to replant burned or otherwise damaged trees. Seedlings are replacement and /or trees native to that particular area, not necessarily of the pine variety.

In order for your donation to be properly noted, you may use the form below. Thank you for your participation in this wonderful program which will preserve and enhance the beauty of our state!
